

TRUCK UTILITY LT GS LANDROVER SERIES 3, ALL TYPES
(WITH BAMFORD WINCH)
LUBRICATION OF POWER TAKE-OFF CHAIN CASE
MISCELLANEOUS INSTRUCTION

Introduction

1. This instruction amends the type of lubricant to be used in the Power Take-Off Chain Case to overcome the problem of oil leakage.

Detail

2. Drain the oil from the Power Take-Off Chain Case.
3. Pump approximately 227 g of Molybond GA 10 grease into the housing via the oil level plug hole.
